

MATA SUKHDEVI SCHOOL

SESSION 2025-26

Topic: Educational Trip to Historical Sites by MSS

Students from Mata Sukhdevi School went on an enriching educational trip to some of Delhi's most iconic heritage sites—Humayun's Tomb, Sunder Nursery, and the National Museum.

The trip aimed to give students a hands-on learning experience outside the classroom and deepen their understanding of art, culture, and history. At Humayun's Tomb, students admired the grandeur of Mughal architecture and learned about the historical significance of the monument. The peaceful surroundings of Sunder Nursery provided a refreshing break, where students explored the beautifully maintained gardens and appreciated nature blended with heritage.

At the National Museum, students explored various galleries showcasing ancient artefacts, sculptures, and paintings. The exhibits helped them connect theoretical knowledge from their history and social science classes to real-world heritage and culture.

Teachers accompanied the students, ensuring their safety and guiding them throughout the trip. The students not only gained knowledge but also enjoyed themselves thoroughly. They were curious, engaged, and full of questions during the tour.

Overall, the trip was both educational and enjoyable, allowing students to experience the richness of India's past in a meaningful and interactive way.
