"A child must know that he is a miracle, that since the beginning of the world there hasn't been, and until the end of the world there will not be, another child like him." ~ Pablo Casals

02

"Remember: everyone in the classroom has a story that leads to misbehavior or defiance. 9 times out of 10, the story behind the misbehavior won't make you angry. It will break your heart." ~ Annette Breaux

03

"Encouraging a child means that one or more of the following critical life messages are coming through, either by word or by action: I believe in you, I trust you, I know you can handle this, You are listened to, You are cared for, You are very important to me." ~ Barbara Coloroso

04

"Since the jobs that our preschoolers will do probably don't exist yet, our priority is to teach them the skills to adapt and inquire and question and cooperate...life skills. So much more useful than rigid concepts such as the alphabet." ~ Caroline Bellouse

- Naomi Osaka, Current No. 1 WTA Tennis player

"Have a good time. Life is too short to get bogged down and be discouraged. You have to keep moving. You have to keep going. Put one foot in front of the other, smile and just keep on rolling."

- Kobe Bryant, NBA All-Star

"Sports can unite a group of people from different backgrounds, all working together to achieve a common goal. And even if they fall short, sharing that journey is an experience they'll never forget. It can teach some of the most fundamental and important human values: dedication, perseverance, hard work, and teamwork. It also teaches us how to handle our success and cope with our failure. So, perhaps the greatest glory of sport is that it teaches us so much about life itself."

- Ahmad Rashad, sportscaster
